FAMILY NEWSLETTER

MAY / JUNE 2022

When you are in the business of educating preschoolers, every day is exciting! Sometimes there is a project or lesson that stands out above the rest. It's different for everyone. Here is a list of noted favorites from our students and staff this year...

Pathfinders: Dancing & singing, especially to "The Floor is Lava!" song. Special Delivery...The Pathfinders *love* getting Book Mail!

Explorers: Treasure Hunt - X Marks The Spot! Reading *The Very Hungry Caterpillar* and creating the collaborative art project! Making rocket ships for the space theme.

Adventurers: Acting out *The Quiet Noisy Book*. Learning about the different states for the letter of the week. Believe it or not...the Adventurers loved the Laundromat Dramatic Play!

Teachers: Volcano erupting! Watching students "read" *Brown Bear, Brown Bear* all by themselves, Students discovering how their kaleidoscopes worked. Students were so excited to read Scholastic Readers together as a class! Watching things click in a child's mind and seeing them burst with pride.

CURRICULUM CORNER

Bugs & Insects - Insects offer a host of learning opportunities. Ant colonies and bee hives represent hard working communities. The metamorphosis from egg to caterpillar to butterfly introduce our preschoolers to life cycles and demonstrate changes in nature. The children are enjoying stories about insects, studying life cycles, observing them in the classroom and outside!

Summer/Graduation - Is it time to say goodbye already?!? We will miss the Class of 2022, but we wish them all the best! Remember to visit the library on rainy days or find a shady spot to relax and read a book. Play outside in the fresh air!
